---

## EDUCATION

**The University of Southern Mississippi** 2022 - 2026  
**Bachelor of Science in Computer Science, Minor in Gender Studies**  
*Presidential Scholar at the Honors College*  
**Activities:** USM Women in Science and Engineering (WiSE), Louis Stokes Mississippi Alliance for Minority Participation

## EXPERIENCE

**USM College of Arts and Sciences** September 2023 - Present  
*Social Media Ambassador* Hattiesburg, MS

- Create engaging content for social media, highlighting my unique experiences to foster a more diverse and inclusive representation.

**The Student Printz** September 2023-Present  
*Writer* Hattiesburg, MS

- Produce engaging articles across various topics with strong research, writing, and interviewing skills, meeting strict deadlines as a writer for the university's student newspaper.

**Childhood Neurodevelopmental Disorders Lab** August 2023 - Present  
*Undergraduate Research Assistant* Hattiesburg, MS

- Handling participant recruitment, database management, and data entry, while also administering study measures and utilizing technology for coding student behaviors in classrooms.
- Oversee the execution of EEG studies and effectively disseminate lab research findings through MATLAB.

## PROJECTS

**Suvi's Monthly Zine** <https://suvi-zine.netlify.app/>

- Designed and developed a website dedicated to zine creations, as a platform to connect with my friends and family, utilizing newsletters and physical mail to foster connections and creatively communicate through art.

**Queer: In Our Own Words** Kathmandu, Nepal

- Collaborated with queer artists and writers for a project with Kaalo.101 and British Council Nepal to represent the queer community in Nepal through art and storytelling, later published and showcased the work during several exhibitions and festivals.

**Women LEAD Nepal** Kathmandu, Nepal

- Participated in political leadership training, internship, and workshops as a Fellow, while leading projects to empower young girls and women over 30 in Nepal through political activism.

## SKILLS AND INTERESTS

**SKILLS:** HTML, CSS, C++, Python, JavaScript, Research, Data Analysis, Communication
